JoAnn:
I would like to say yes since I think that makes sense but I don't get to make that call. If you can't reach Susan then talk to Chris. Attached is the revised Cost Estimate.
Thanks for your help on this as usual.

If we use CB&I for this project, we have funds remaining on Ida and May Cooperage – I think we should have at least \$500,000 remaining on the contract that could be moved from these 2 - we discussed this being one benefit of using CB&I – OR we could deob and request the funds back if you would like so they are available for any site.
If we use CB&I – do you want to reduce the amount we obligate by this \$500,000? thanks
